

# Once upon a time...

in the idyllic setting of Westmill Farm  
near Ware, there was

a shop called **ASPECTS**

In this shop was a vast **range of furniture**, some made of **pine** others of **oak**, some **painted** and some not. Every room was catered for, from the **kitchen, lounge and dining room** to the **bedrooms** and **nursery**. To complement the **beautiful furniture** were **lamps, mirrors and pictures** ...and much much more.

And if any furniture in the shop was too **big** or too **small**, or there was something **very special** the customers needed, the people in the shop made it happen.

**Imagine that!**

Luckily, Aspects of Pine and it's wondrous selection of furniture, accessories and giftware isn't just a fairy tale.

Located just outside the historic town of Ware at Westmill Farm, our extensive 1500sq ft showroom is open from Friday to Sunday and whatever you are looking for we are confident we can help you find it.

One of Hertfordshire's  
best kept secrets

**ASPECTS**  
HOME FURNISHING & INTERIORS
